

Guidelines shared by Supervisor to proceed FYP

SmartGuide: A smart campus guide using BLE based indoor localization

Supervisor Dr. Sheikh Faisal Rasheed
Co Advisor Dr. Beenish Ayesha Akram

Group Members

Group Leader Tooba Naseer (2016-CE-72)
Group Member Rida Mahmood (2016-CE-54)
Group Member Ayesha Jabbar (2016-CS-159)
Group Member Rabeya Hamood (2016-CE-81)

Guidelines Shared by Supervisor and Co-Advisor:

- Write meeting minutes after every meeting with supervisor and co-advisor
- Make project plan and do follow it.
- Make dummy application at the start to give a platform to project.
- Analyze different machine learning algorithms on our collected dataset in order to choose best one according to accuracy
- Make analysis report after doing predictable analysis between different algorithms we used to train our machine learning model.
- Analyze feasibility of project after doing survey
- Make sure the hardware and software requirements of the project.
- Integrate your trained model with Android application.
- Complete you project as much as possible in this lockdown.

- Make thesis of the project. Avoid plagiarism and common mistakes of writing.
 - Make proper and credible presentations.
